NASHVILLE, June 28, 1852.

Col. L. P. Cheatham: — Dear Sir:—I have been using he "Reaping and Mowing Machine" patentented by Maundy of Illinois, which you are now offering to the citizens of Tennessee. It is a first rate labor saving Machine. It works

nessee. It is a prist rate land saving Machine. It works searly and hapidly. The amount cut per day will depend principally upon the speed of the team. If the team can ravel four miles per hour, it will Reap or Mow, fifteen acres a ten hours. It is entitled to the confidence of the public. Respectfully.

I, L. F. Bradley, now managing the farm of Dr. Shelby, make the following statement: We have had for more than one week, one of Col. Cheatham's mowing and reaping machines, we havefried it in clover and grain blown and tangled, and I now state that it mows and cuts cleaner than the sythe blade, and that it will mow per day as much as 14 hands, and it can reap at least twenty-four acres per day.

MICAJAH CAYCE.

MICAJAH CAYCE. HENCESVILLE, Oct. 17, 1854.

Dr. Bledson:—Some time has clapsed since I gave a ceatificate that my wife had been greatly benefited by your Alterative Compound. I now take pleasure in saying to the public, that my wife had for three or four years been subject to the worst kind of spells of cramp in the stomach from dyspepsia. I had tried of several whom I thought to be the best physicians in the place and a great many different medicines, with momentary relief. Being persuaded to try your alterative compound, I did so—and I am happy to say that it has entirely cured her; and I would conscientiously recommend it to all persons suffering from diseases of the liver and dyspepsia.

N. B. ROBERTSON.

Dr. Blenson—Having seen the publication of your Alter ative Compound, I think it my duty to say to the public, that I had been for years subject to spells of Cramp Colle, in its worst form; that I had tried almost every thing that is given by physicians, and never found any thing that would certainly relieve me, until I tried the above medicine, which has relieved me in every attack in less than an hour. relieved me in every attack in less than an hour.

WM. B. LLOYD.

Dr. Berson: —I feel that I should full short of my duty to you and to thuse who are afflicted, were I not to further recommend your Alterative Compound. It has entirely relieved me, so that I have not had cause to take anything in two months. I can eat anything I want with impunity, and believe my health is an good as it ever is at my advanced age. Should I ever suffer from dyspepsia again I shall be sure to call on you. I am very respectfully your friend.

ELIZABETH J. HARWOOD.

This is to certify, that I had suffered for many years with Dyspepsia and Discuses of the Liver. Physician after Physician had prescribed for me without my receiving any benefit, when I commenced the use of Dr. Bledsoe's Alterative Compound, which cured me soundly, and I recommend it because of the same happy effect upon others of my acquaint ance. Dr. Blersson—Sin: Judging from the certificates you have already advertised, it will be almost unnecessary for me to add further evidence in regard to the healing virtues of your Compound; but I must say, that for years I suffered a great deal from Dysarpsia and enlargement of the spleen, and thought that I never would recover. I commenced takassortment of Gold and Velvet Borders, Fire Screens, Win- ing your compound about nine weeks since, and have gained 25 or 30 pounds, and feel about as well as I ever did. HENRY J. This was four months ago and the lady (a Mrs. Dunham,) is still in good health, and able to attend to her usual household duties. I have treated two cases of Chronic Sore Eyes with the Ointment, both of the patients so nearly bland, as to need an attendant to lead them from place to place. One of them had been afflicted 18 years, the other about 8 years. They had tried the best physicians in the State, without benefit and one of them had been under the treatment of the celebrated Dr. Muzzy, of Cincinnati, for eighteen months, and had expended hundreds of dollars in the city to make their own bread, without ma-State, without beneau, and had expended hundreds of dollars in vain efforts to effect a cure. J. H. Burrow's Patent Plantation CORN MILL.

This Mill differs from all others in the construction of the upper or Running Stone, which is composed of French Burt Blooks, enclosed in a cast from Case, which forms the lack and hoop of the Stone with a Cast from Eye, or Bush, than is of greater external diameter at the bottom that at the top, which is secured to the back by four holds, so that every block is in the form of a dove tail, which gives greater strength to a Stone than any other method which is required in small mills, where the stone is run with great speed, and becomes dangerous if not strongly unade. It also gives any securit to a stone of small dimenses that is required without having it thick or high, that makes it top heavy.

This mill is a square frame made of wood or cast from, in the form of a busk, with Bridge-tree, Spindle Balance, Ring Briver, and Regulating Screw, and grinds upon the same principle as a large mill, differing only in the Hunner Stone, this being of great weight enables it to grind nearer the center agreenter quantity of grain with less power than any other mill now in use. This mill is portable, and may be attached to steam, water, horse or hand power.

These Mills do not require a Millright to set them up; and all that is necessary to put them in operation, is to attach a hand to the pulley on the spindle, with a dram sufficiently large to run a twenty-four tach Mill 240 revolutions per minute, attached to fin. R. R. R. NO PAIN KILLER.

TO KILL PAIN we must paralyse the nerves, or in other words produce a paley of the part to which the pain belief is applied.

Point is an unmatura sensation, arising from an injury or disease which being transmitted along the nerves to the brinn, gives an uneasy perception to the mind.

Remedies recommended to Kill Pain, or Pain Killers, are either producers of Paralysis, or they are not what they are recommended for. If the sufferer of pain is to undergo a suppression of vitality, or if the unfortunate arm of leg, or are recommended for. If the sufferer of pain is to undergo a suspension of vitality, or if the unfortunate arm or leg, or if the part of the body suffering the tortures of pain, is to suffer an attack of paralysis, we think the the remedy misst be worse than the disease. And, if Pain is to be Killed, then the nerves that transmitted this sensation, and the senses that perceive its unpleasantness, must be killed also. If, on the other hand, it is not a "pain killer," It is a misnomer, and not what its advertisement claims for it. Radway's Rendy Relief does not Kuta pain, but it subdues its paroxyisms and relieves the sufferer from all paintial and uneasy sensations. Radway's Rendy Relief is suck in its action—it instantial relieves and immediately

quick in its action—it instantly relieves, and immediately after sets about removing the cause of the pain, it souther and cause, it relieves and removes the troubling cause, and R. R. R. Its Two Actions. - The primary action

of Radway's Ready Rehef is, to allay the effects of any painful causes that the human system may be visited with. Its secondary action is, to remove the cause itself; this it will immediately accomplish, for it is so powerful in action so quick and offsetusi, that the moment it is applied or taken the painful paraxyisms are relieved, and the unsound parts made whole, strong, healthy and vigorous.
